

Ultra Keyboard Mount

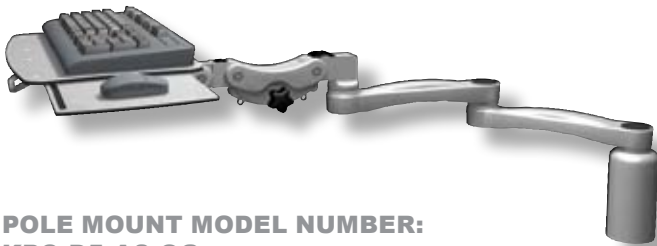

PRODUCT SHEET

KPP-W3-A2-QG
KPC-D5-A2-QG

Space-saving mount for kiosks
and data entry applications

Other Configuration

POLE MOUNT MODEL NUMBER:
KPC-D5-A2-QG

Ergonomic lift and stow system

The Ultra keyboard mount is the most compact and space-saving way to ergonomically mount your keyboard and mouse. The mount allows the full articulation of the keyboard tray. The Paralink style lift and stowing system allows for tray height adjustment without affecting the personalized tilt, then folds up and stows out of the way when not in use. The Ultra style flip-up system allows you to tilt the keyboard completely back for convenient stowing. These are great solutions for kiosk applications as well as in medical and dental applications as data entry stations or for patient use.

Highlights

- Collapsible arms
- Fold-up keyboard tray
- Slide-out mouse tray
- Composite, ergonomic, or mini keyboard tray styles
