

Single Arm Elite with Paralink

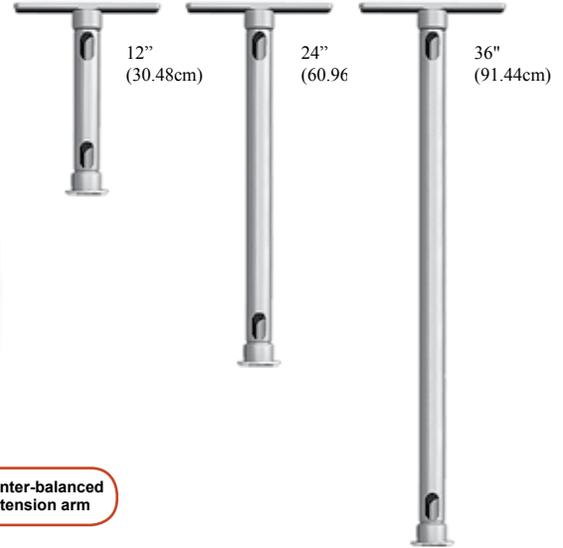

PRODUCT SHEET

ELP5120-C8X12-KPP-QG

Pull down in an instant when you need it—then push up and out of the way

CEILING EXTENSION PIPES available in three lengths

(Monitor, keyboard, and mouse not included)

Effortless positioning

The single arm Elite with Paralink incorporates design features allowing it to support up to 22 lbs (9.98 kg) while providing effortless movement. The Elite allows an LCD and keyboard to be suspended where it is needed, then easily stowed when not in use. The Elite is fully cable managed, gas spring assisted, and provides up to 21" of vertical and horizontal adjustment from mount to monitor, along with 180° of rotation.

Machined from billet aluminum, the unit is powder coated for a durable, lasting finish. Hand assembly ensures that a quality product is shipped to you.

Highlights
