Enhance comfort and increase your productivity with our ergonomic mounts.

Customizable

Our standard mounts have been modularly designed to integrate with each other and fit most customer applications. We offer onsite design, engineering and manufacturing services so we can quickly respond to your unique requirements.

Flexible

We design our mounts to move and adjust with fingertip control. You can easily position your monitor and keyboard exactly where you want them.

Stowable

Our products are designed to stow close to the wall so they tuck out of the way when your workspace is tight.

Extendable

When you need a mounting solution with maximum reach, contact us. Several of our products provide reach that equals the longest in the industry.

Durable

Arms and mounting systems are ruggedly designed and tested for commercial use. Our finishes are easy to clean and were developed to withstand sanitation required in healthcare facilities.

Manageable

Our mounts are designed with optimum cable management, extending the safety and service life of your electronic devices and making sanitation easier.

Reliable

Thorough testing and field experience prove that ICW products stand up to the rigors of repeated commercial use. See our warranty on page 55.

Match or complement your decor with our selection of standard and premium custom colors.

Standard Colors

Custom Colors*

Color swatches are not an exact match due to variations in printing. Please ask your representative for a paint chip sample.

* Subject to custom color fee and longer lead time.

Overhead Arm Monitor Mount

UL182iOHAT (Wall Track Mount)
UL182iOHAP (Wall Plate Mount)

Exceptional reach for a monitor

ICW's unique overhead mounting arm is an excellent solution for healthcare environments. It's also ideal for industrial applications including shipping and receiving, and factories that require long reach and extensive range of motion for a monitor. Attaches to wall on a track or plate, or can be mounted within or over a cabinet.

- Attaches to the wall or above a cabinet, providing 180° of horizontal rotation at the mount.
- Provides up to 360° of horizontal rotation for a monitor.
- Conveniently stows just 4" (10.2 cm) from the wall and monitor can be pulled out when needed.
- Internal wire management for regular or low voltage.
- Power coated for durability in your choice of 14 color options.

Vertical Movement	38" (96.5 cm)
Diameter of Motion	68" (172.7 cm)
Arm Swivel	180° at mount (stop pins provided)
Tray Tilt	6° up (positive) / 11° down (negative)
Tray Swivel	240°
Adjustable Drop Pole Options	XT24: 26" to 37" (66 cm to 94 cm)
	XT12: 19" to 26" (48.3 cm to 66 cm)
Price (ELP6220-XT24-KUB)	\$1,861

Monitor, keyboard and mouse not included.

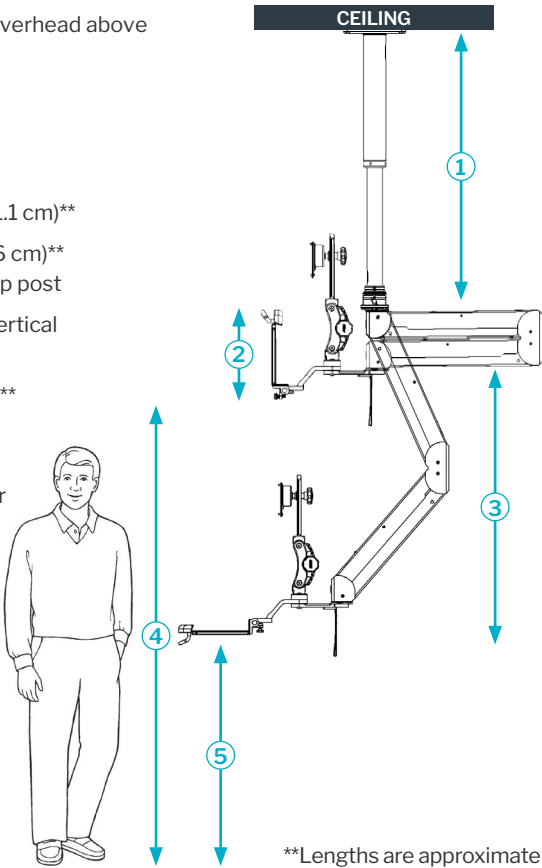

Ideal for ceiling mount that requires a keyboard.

- Sleek and sturdy construction and engineered for years of reliable service.
- Mount stows conveniently overhead and rests 12" (30.5 cm) from the base of the drop pole.
- Fully concealed internal cable management protects cabling.
- Removable stop pin prevents mount from turning 360° and twisting cables internally.
- Adjustable drop pole has two retracting options — 19" to 26" (48.3 cm to 66 cm) and 26" to 37" (66 cm to 94 cm).
- Stows safely out of the way, overhead above the user at 6'6".

10-foot (304.8 cm) Ceiling Installation

- Drop pole extended 28" (71.1 cm)**
- Completely stows 14" (35.6 cm)** from the bottom of the drop post
- Offers 38" (96.5 cm)** of vertical adjustment
- Leaves 78" (6'6"/198.1 cm)** of clearance
- Optimal keyboard height is 40" (101.6 cm)** or higher from the floor depending on the user

Color Options. Standard colors include medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Titan Elite Ceiling Monitor Mount

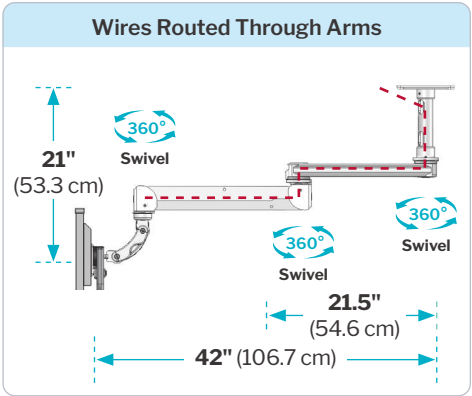

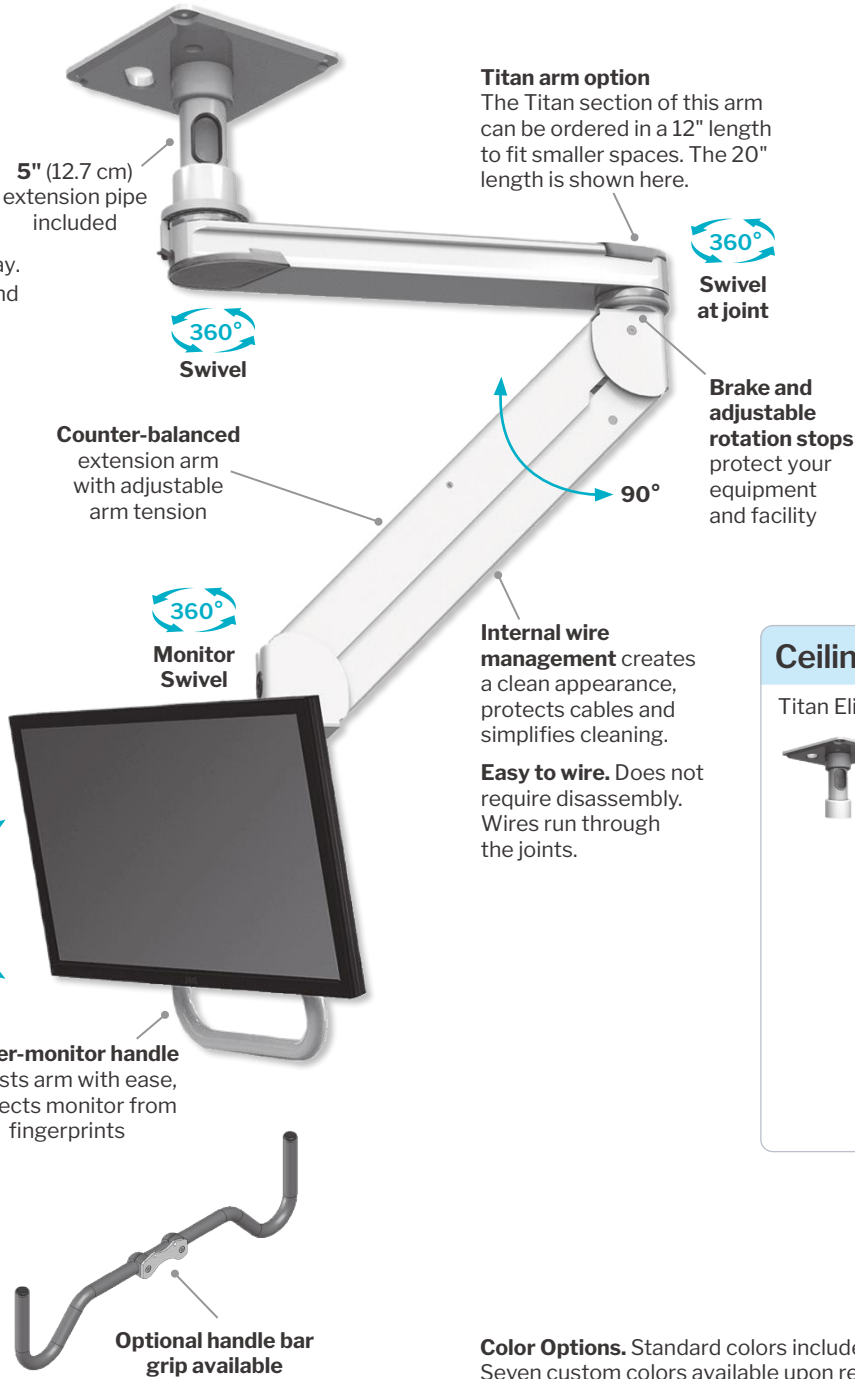

T2EQ-C8X5

Ideal for operatories, this monitor mount provides effortless positioning

The Titan Elite allows a monitor to be securely mounted from the ceiling or headwall shelf, pulled down when needed, then stowed up and out of the way. With multiple pivot points, this arm enables vertical and horizontal adjustments along with 360° of rotation.

Specifications	
Load Capacity	28 lbs (12.7 kg)
Lift Distance	21" (53.3 cm)
Maximum Reach	42" (106.7 cm)
Arm Swivel at Mount	360°
Screen Swivel	360°
Screen Tilt	50°
VESA Interface	75 mm and 100 mm
Extension Pipe	5" included
Price (T2EQ-C8X5)	\$1,141

Monitor, keyboard and mouse not included.

Ceiling Mount Extension Pipe Options

Titan Elite Ceiling Mount (T2EQ-C8X5)

XE5 5" (12.7 cm)	XE12 12" (30.5 cm)	XE24 24" (61 cm)	XE36 36" (91.4 cm)

Color Options. Standard colors include medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Elite 5120 Ceiling Monitor Mount

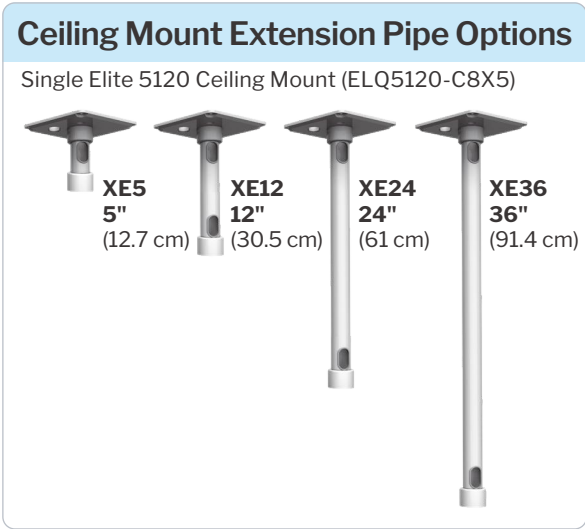

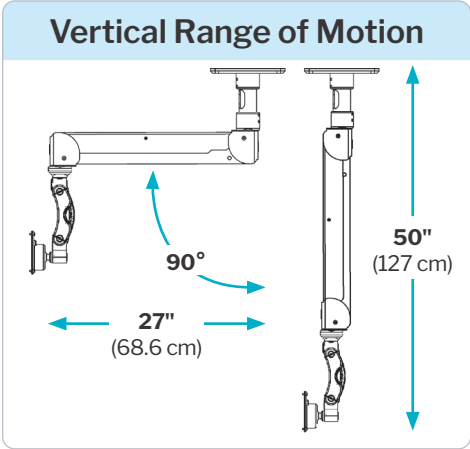

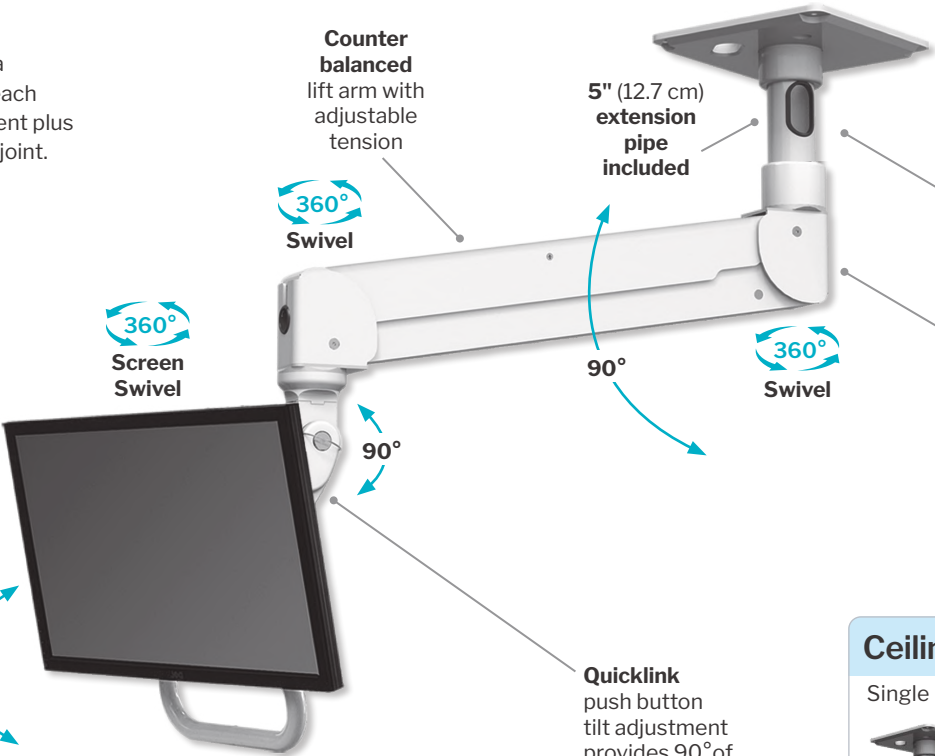

ELQ5120-C8X5

Ideal for monitor viewing, this monitor mount can be positioned with one hand

The Single Elite was designed to move with a feather-light touch. It features 90° of tilt at each joint with the Quicklink push button adjustment plus 50° monitor tilt and pivot at its compact ball joint.

Specifications	
Load Capacity	28 lbs (12.7 kg)
Lift Distance	21" (53.3 cm)
Maximum Reach	27" (68.6 cm)
Arm Swivel at Mount	360°
Screen Swivel	360°
Screen Tilt	50°
VESA Interface	75 mm and 100 mm
Price (ELQ5120-C8X5)	\$821

Monitor, keyboard and mouse not included.

Color Options. Standard colors include medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Ultra 95 Ceiling Monitor Mount

UL95-CU

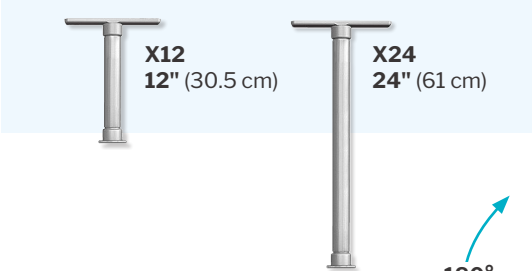

Position your monitor to exactly the height you need

The Ultra 95 mounts securely from the ceiling with a telescoping pipe, making it an excellent choice for healthcare environments.

Specifications	
Load Capacity	18 lbs (8.2 kg)
Lift Distance	18.5" (47 cm)
Screen Swivel at Ceiling	360°
Screen Tilt	180°
VESA Interface	75 mm and 100 mm
Price (UL95-CU)	\$314

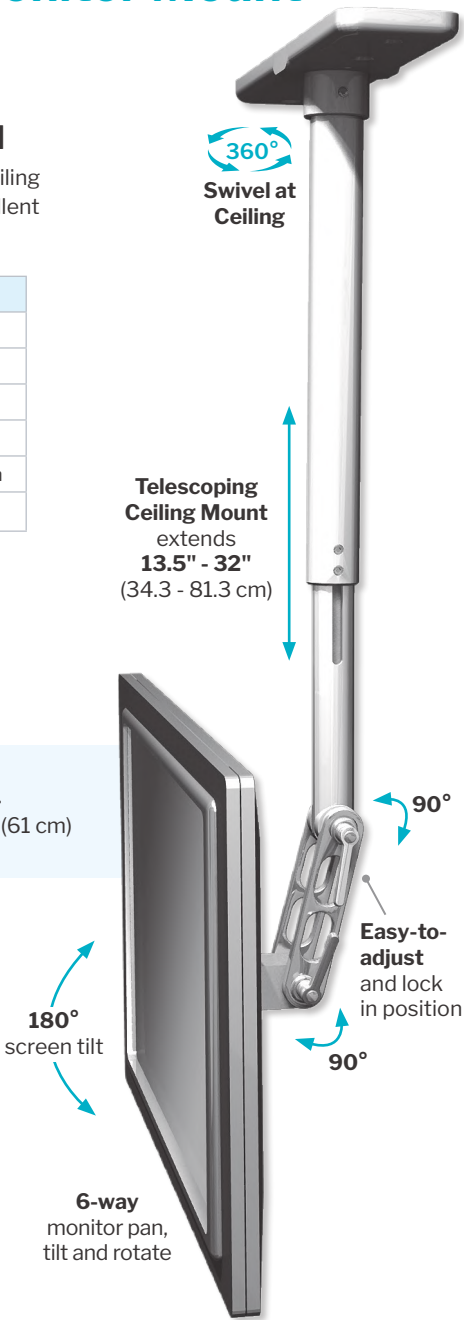

Monitor not included.

Extension Pipes available in two lengths

Ultra Secure

The Ultra 95 Ceiling Mount is secured to a stud in the ceiling using four countersunk wood screws that are provided with the unit.

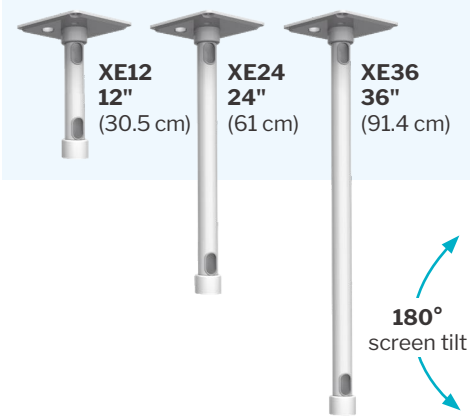

Ultra 500i Ceiling Monitor Mount

UL500i-C8X12

Offering a wide range of tilt and pivot options

The Ultra 500i mounts from the ceiling on an extension pipe made of true 2" o.d. structural tubing for side load support. Choose the length that best meets your needs.

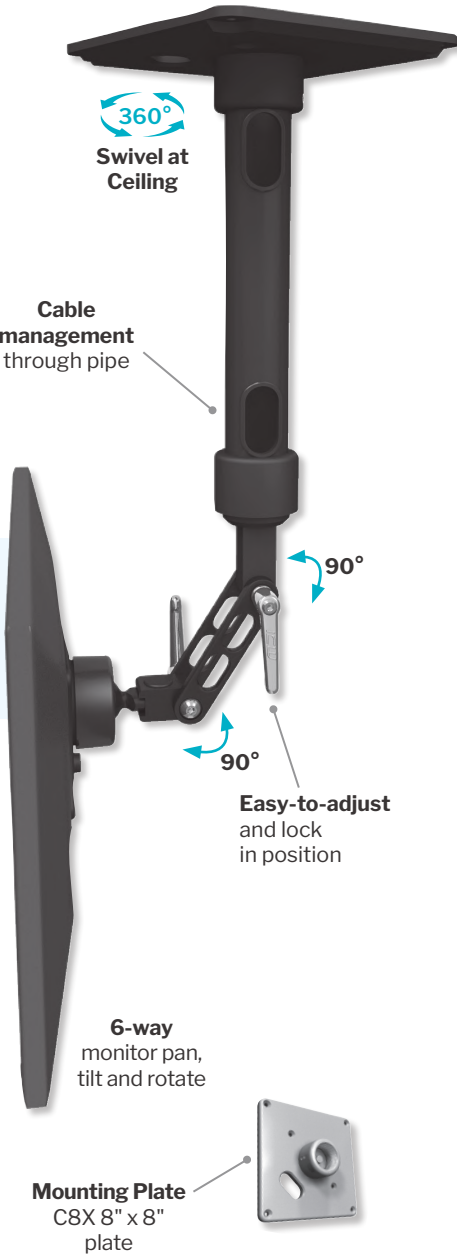

Extension Pipes available in three lengths

Specifications	
Load Capacity	18 lbs (8.2 kg)
Screen Swivel (Bottom of Pipe)	360°
Screen Tilt	180° (forward or down)
VESA Interface	75 mm and 100 mm
Price (UL500i-C8X12)	\$349

Monitor not included.

Color Options. Standard colors include medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Pro Slide Overcabinet Monitor Mount

UL182i-PS28-XU25

Convenient and Durable Overcabinet Monitor Mount

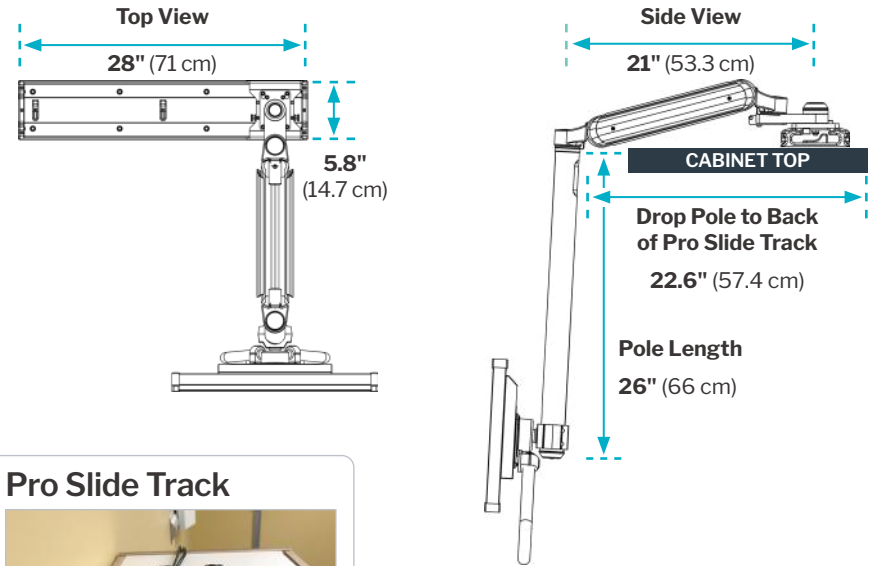

The Pro Slide Overcabinet Monitor Mount features an articulating Ultra 182 arm connected to a drop pole with an easy-to-use handle below the monitor.

Specifications	
Load Capacity	0-22 lbs (0-10 kg)
Vertical Lift	24" (61 cm)
Usable Vertical Lift	15" (38.1 cm)
Track Length	28.4" (72.1 cm)*
Usable Track Slide Length	22" (55.9 cm)
Swivel at Track	360°**
Price (UL182i-PS28-XU25)	\$1,826

*Custom tracks can be cut to length by request.
**Swivel limited to 180° when cabinet is against wall.
Cabinet, monitor, keyboard and mouse not included.

- **Universal Track*** can mount above any cabinet. Competitor's mounts will only fit on their own proprietary cabinets.
- **Will Not Damage Cabinet** with vertical movement as mount includes adjustable stop.
- **Mount Slides 22"** (55.9 cm) along standard 28.4" (72.1 cm) track which can be customized to extended or reduced lengths.
- **Easy One-Finger Movement** vertically and horizontally without noisy chatter when the mount slides across the track.
- **Vertical Lift** is 15" (38.1 cm).
- **Does Not Require a Compressor** to operate.
- **Cycle-tested for 80,000 Slides** with no damage or noticeable wear.
- **Weight-tested on Standard Cabinet Material and Fasteners** for 166 lbs. (75 kg) with no damage to the mount or cabinet.
- **Cabling is Discreetly Hidden** in the slide track and internally through the mount.

Pro Slide Track

The Pro Slide's track provides smooth, effortless movement for the user while eliminating potential chatter and offers a unique professional wire management system that is both aesthetic and protects cables from damage.

Pro Slide Overcabinet Monitor Mount Range of Movement

The Pro Slide track allows the mount to glide across the top of the cabinet to either side and conveniently stows out of the way when not in use.

Rotates 360° at track and 180° when against wall.

Features 15" (38.1 cm) of usable vertical movement.

Mount slides 22" (55.9 cm) along track. Custom track sizes available.

Color Options. Standard colors include medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Pro Slide Undercabinet Workstation

UL182I-EV7-PS28-D0-KUB

Convenient and Durable Undercabinet Monitor Mount

The Pro Slide Undercabinet Workstation with Keyboard Tray features an articulating Ultra 182 arm connected to our standard KUB keyboard tray.

- **Universal Track*** can mount to underside of any cabinet. Competitor's mounts will only fit on their own proprietary cabinets.
- **Will Not Damage Cabinet** with vertical movement as mount includes adjustable stop.
- **Mount Slides 21.6"** (54.9 cm) along standard 28" (71.1 cm) track which can be customized to extended or reduced lengths.
- **Easy One-Finger Movement** vertically and horizontally without noisy chatter when the mount slides across the track.
- **Vertical Lift** is 24" (61 cm).
- **Horizontal Reach** is 68" (172.7 cm) along a standard track.
- **Does Not Require a Compressor** in order to operate.
- **Cycle-Tested for 80,000 Slides** without issues or noticeable wear.
- **Weight-Tested on Standard Cabinet Material and Fasteners** 166 lbs. (75 kg) with no damage to the mount or cabinet.
- **Cabling is Discreetly Hidden and Protected** in the slide track and internally through the mount, giving longer life to your mount and devices.

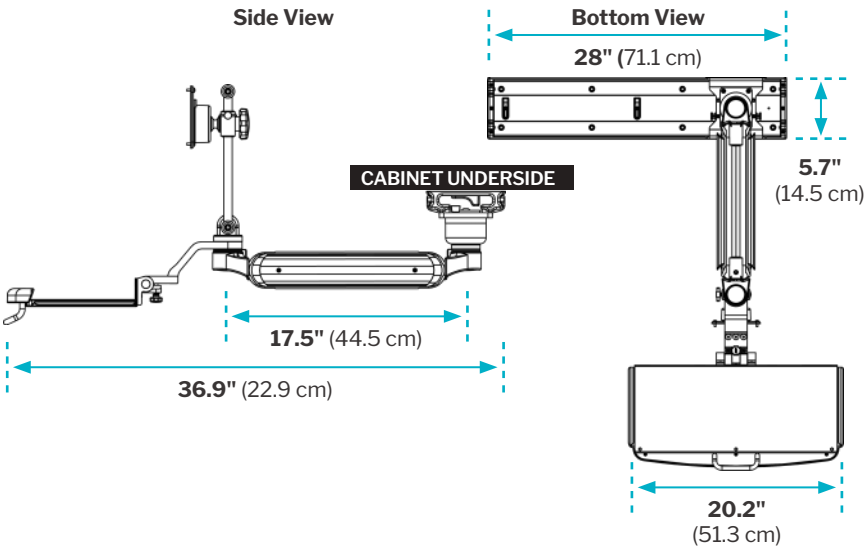

Specifications	
Load Capacity	0-28 lbs (0-12.7 kg)
Vertical Lift	24" (61 cm)**
Usable Vertical Lift	15" (38.1 cm)**
Horizontal Reach	68" (172.7 cm)
Track Length	28" (71.1 cm)*
Usable Track Slide Length	21.6" (54.9 cm)
Swivel at Track	360°***
Price (UL182I-EV7-PS28-D0-KUB)	\$1,252

Cabinet, monitor, keyboard and mouse not included.

*Custom tracks can be cut to length by request.

**Vertical and horizontal travel can be effected by cabinet's dimensions.

***Swivel limited to 180° when cabinet is against wall.

Pro Slide Undercabinet Workstation Range of Movement

The Pro Slide track allows the mount to glide beneath the cabinet to either side and conveniently stows out of the way when not in use. Mount slides 21.6" (54.9 cm) along track (UL182IEV7-PS28-D0-KUB model shown above).

Workstation is mounted and stowed beneath the cabinet.

Undercabinet track offers smooth movement and wire management.

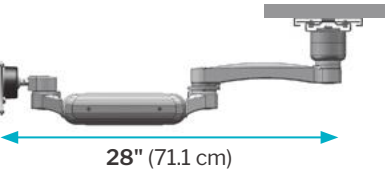

Ultra 180 Undercabinet Monitor Mount

UL180i-BV-PS28-D1-A1

Monitor glides 28" horizontally on undercabinet track.

The patented Ultra 180 undercabinet mount delivers a full range of motion for your monitor, making it versatile and user-friendly. With up to 180° of vertical arm rotation and 360° of horizontal rotation, it ensures optimal positioning for any workflow. Designed for tight spaces, the Ultra 180 tucks neatly under the cabinet when not in use and is available in three range-of-motion options:

- Desk puck
- Short extension arm
- Standard extension arm.

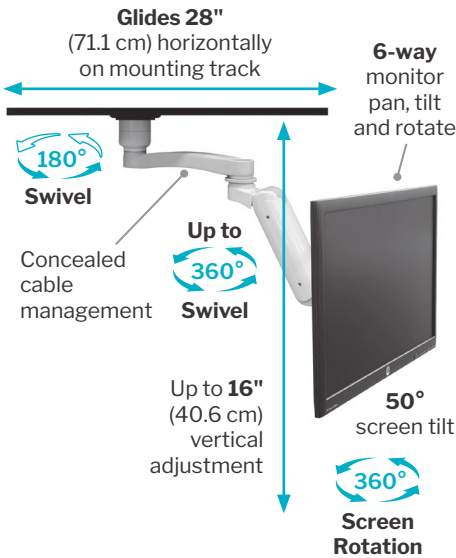

Ultra 180 arm mounted to 12" standard A1 Arm

Price (UL180i-BV-PS28-D1-A1)	\$983

Undercabinet Workstation

ULBVI-PS28D0-KDB-A1

Our Undercabinet Workstation mounts beneath overhead cabinets, pulls out when needed and folds out of the way when not in use. Personalize your workstation with a stowable worksurface tray or a flip-up keyboard tray and choose the color that complements your decor.

Specifications	
Load Capacity	30 lbs (13.6 kg)
Maximum Reach	29.5" (74.9 cm)
Stowed Depth	11.8" (30 cm)
Horizontal Slide	28" (71 cm)
Arm Swivel at Mount	180°
Screen Swivel	360°
Screen Tilt	50°
VESA Interface	75 mm and 100 mm
Price (ULBVI-PS28D0-KDB-A1)	\$878

Monitor, keyboard and mouse not included.

Undercabinet Monitor Mount Installations

Desk Clamp Workstations and Monitor Mount

ELP5216-CT2-KDB

Strong vice-style clamp can mount workstation or monitors

- **Desk Mount Heights** available for most ICW mount configurations.
- **Rubber Pads** protect work surfaces from damage during Desk Mount Clamp placement or location readjustment.
- **User-friendly** vice-style clamp makes workstation easy to remove, reattach or readjust along the desk's surface.
- **Solid Support** for workstations with dual monitors.
- **Ideal Mount** for offices and temporary workstations. Mounts most ICW mounts to a desk/table surface.

Specifications	
Load Capacity	28 lbs (12.7 kg)*
Available Riser Heights	1.25" (3.2 cm), 5" (12.7 cm), 7.5" (19.1 cm)
Minimum Surface Edge Depth	4" (10.2 cm)
Price (ELP5216-CT2-KDB)	\$1,159

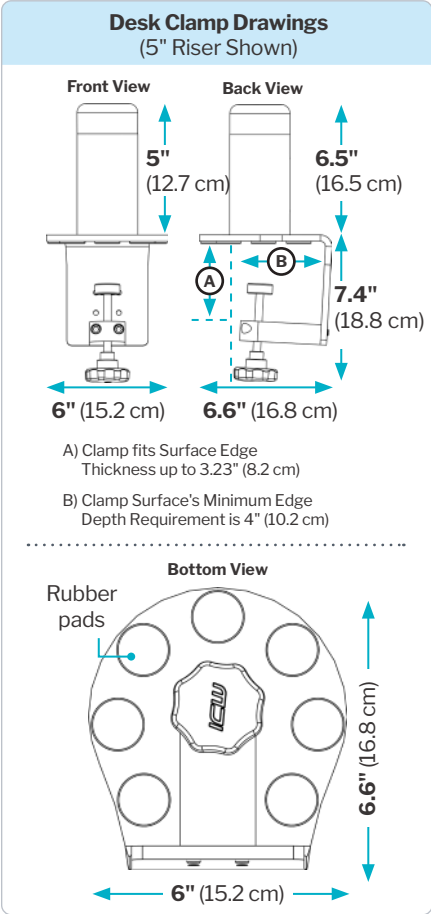

Computer, monitors, keyboard and mouse not included.

*Load capacity depends on the capability of the components mounted on the clamp. The clamp does not decrease or increase the mount's load capacity.

Rubber pads protect desk's surface

Vice-style clamp offers solid support and easy adjustability

Tablet Mount

Adjustable. Theft-Resistant Fastener.

The Securely holds tablets and provides exceptional range of motion. An excellent solution for dental applications.

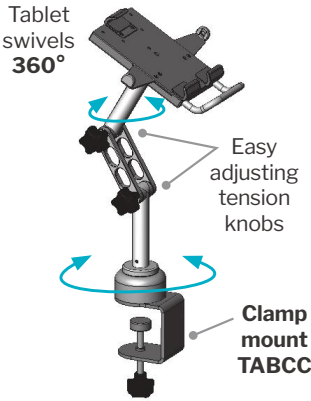

- Spring-loaded cradle expands and contracts to fit many tablet sizes.
- Theft resistant TABSDM secures tablet to plate. Requires custom ICW key for tablet removal.
- Mount adjusts 16.6" (42.2 cm) vertically, swivels 360°, tilts to any viewing angle.
- Attaches to a counter or desk with either a clamp or desk mount.
- Optional, TAB12 Series will hold larger tablets such as the iPad Pro and Surface 4.
- All tablet mounts have a 100mm x 100 mm VESA pattern so tablet mounts can also be added to any ICW mount.

Tablet Types		
TABSDM: Theft Resistant Desk Mount	Price	\$350
TABCC: Clamp Mount	Price	\$350
TABV12: For Larger Tablets	Price	\$205
TABV: Tablet Mount Plate with 100mm VESA Compatibility	Price	\$187

Tablet Size Capacity Specifications	
"TAB Series" Tablet Size	Min: 6.5" x 9.5" (16.5 cm x 24.1 cm)
	Max: 8" x 11.5" (20.3 cm x 29.2 cm)
"TAB 12 Series" Tablet Size	Min: 7.5" x 11.5" (19.1 cm x 29.2 cm)
	Max: 9" x 13.5" (22.9 cm x 34.3 cm)
"TAB V12 Series" Tablet Size	Min: 7.5" x 11.5" (19.1 cm x 29.2 cm)
	Max: 9" x 13.5" (22.9 cm x 34.3 cm)

Tablet not included.

Standard Color Options. Comes in medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Ultra 550 Desk Workstation

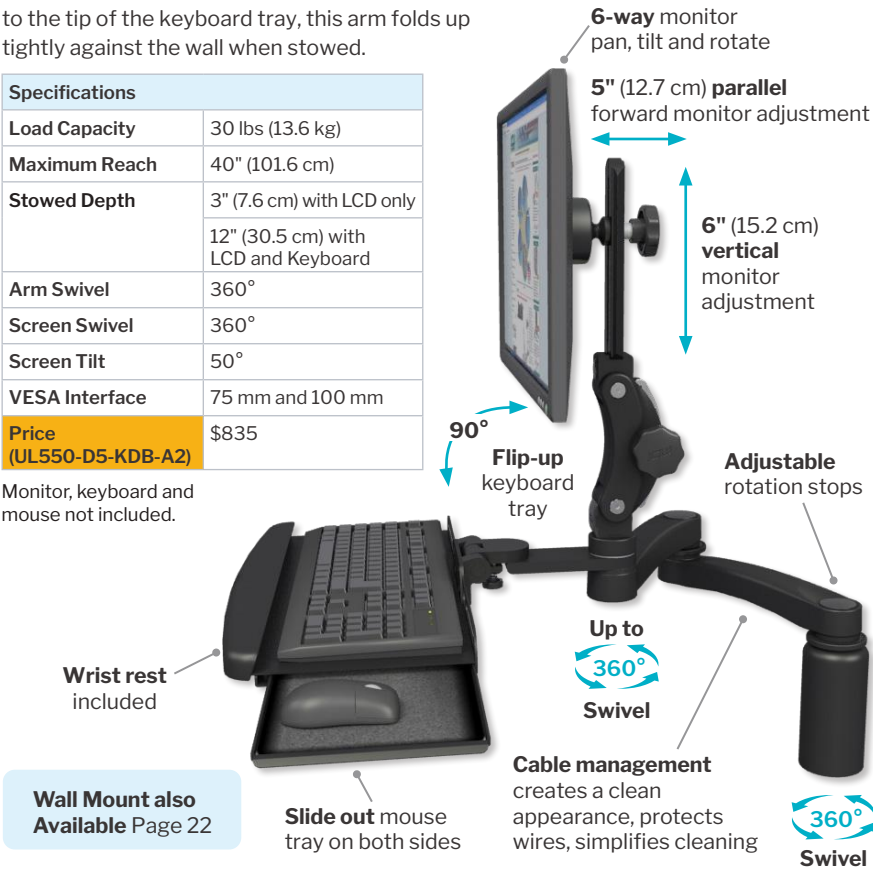

UL550-D5-KDB-A2

Exceptional maneuverability

The Ultra 550 arm with Paralink interface allows the full articulation of the monitor and keyboard. Extending up to 45" (114.3 cm) from the mount to the tip of the keyboard tray, this arm folds up tightly against the wall when stowed.

Specifications	
Load Capacity	30 lbs (13.6 kg)
Maximum Reach	40" (101.6 cm)
Stowed Depth	3" (7.6 cm) with LCD only 12" (30.5 cm) with LCD and Keyboard
Arm Swivel	360°
Screen Swivel	360°
Screen Tilt	50°
VESA Interface	75 mm and 100 mm
Price (UL550-D5-KDB-A2)	\$835

Monitor, keyboard and mouse not included.

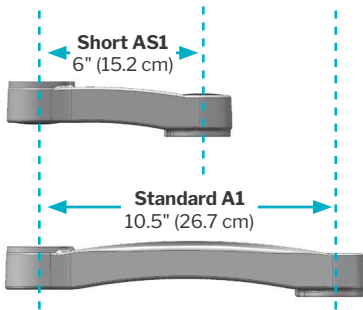

Ultra AS1 Short Extension Arm

Rigid short extension arm adds 6" more reach at either end of arm.

Ultra A1 Standard Extension Arm

Rigid standard extension arm adds 10.5" more reach to Ultra series arms.

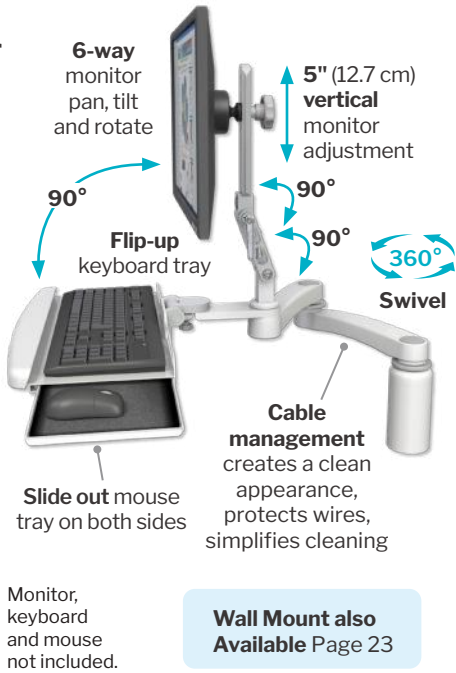

Ultra 510 Desk Workstation

UL510-D5-KDB-A2

Move components together and adjust them separately

The Ultra 510 workstation has two articulating joints that together offer 90° of tilt adjustment with safety stops, plus two locking handle cranks to set positions. It is widely used in dental settings.

Specifications	
Load Capacity	18 lbs (8.2 kg)
Maximum Reach	37.5" (95.3 cm)
Stowed Depth	4.5" (11.4 cm) with LCD 9.75" (24.8 cm) with LCD and Keyboard
Arm Swivel	360°
Screen Swivel	360°
Screen Tilt	50°
VESA Interface	75 mm and 100 mm
Price (UL510-D5-KDB-A2)	\$799

Stowable Laptop Tray

LUS-D1-A1

- Generous Size** fits most laptop computers. Space-saving profile.
- Ergonomic** laptop tray adjusts to positive, neutral and negative tilt for maximum ergonomic benefit.
- Stows** just 6.25" (15.9 cm) from the wall on an Ultra arm.

Specifications	
Load Capacity	30 lbs (13.6 kg)
Laptop Tray Size	16.4" width x 12" length (41.7 cm x 30.5 cm)
Stowed Depth	6.25" (15.9 cm)
Tray Swivel	180°
Tray Tilt	90°
Price (LUS-D1-A1)	\$471

Laptop not included.

Standard Color Options. Comes in medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Pole Workstations and Monitor Mounts

ICW pole mounts available in 2", 1.75" and 1.5" unless otherwise noted. VESA compliant interface offers 6-way monitor pan, tilt and rotate. Monitors and keyboards not included.

Monitor and Keyboard Pole Mount

ELP5220-PT2-KUB

- 68.25" (173.4 cm) maximum reach with monitor and keyboard
- 50° of screen tilt

Price (ELP5220-PT2-KUB) \$1,321

Compact Monitor Pole Mount

UL500i-P2

- Two adjustable tilt joints
- 360° of tilt in any direction (limited by pole)
- 360° of pivot

Price (UL500i-P2) \$244

Monitor and Keyboard Pole Mount

T2P2020-PT2-KPB

- Full internal cable management
- Parallel keyboard height and monitor depth adjustment
- Round edge tray

Price (T2P2020-PT2-KPB) \$973

Standard Color Options. Comes in medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Monitor Pole Mount

UL500i-P2-A2

- Provides vertical and horizontal monitor positioning
- Easily adjusts and tightens into position with indexing handles
- Mounts with two articulating 11" (27.9 cm) arm extensions

Price (UL500i-P2-A2) \$407

Monitor Pole Mount

UL560i-P2

- Monitor is mounted below the arm and provides a wide range of tilt
- Quicklink adjuster allows full articulation of the monitor

Price (UL560i-P2) \$408

Monitor and Keyboard Pole Mount

UL510-R2-KUB

- Allows full articulation of the monitor
- Two handles next to the monitor tighten the monitor into position
- The monitor can be adjusted 4" (10.2 cm) vertically on two stainless steel rails
- Only available for mounting on 2" pole

Price (UL510-R2-KUB) \$612

Ergovision 710 Desk Monitor Mount

EV710-DV75

The Ergovision 710 Desk Mount was ergonomically designed to reduce users' neck pain and stiffness.

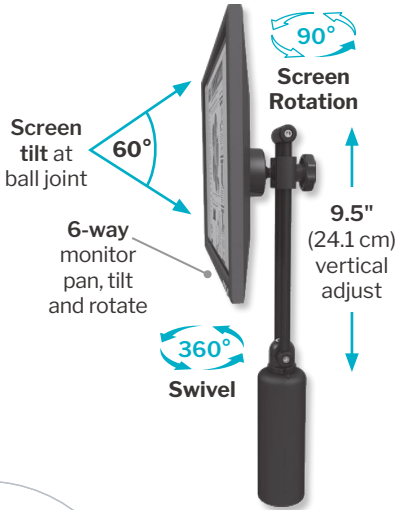

Specifications	
Load Capacity	18 lbs (8.2 kg)
Vertical Adjustment	9.5" (24.1 cm)
Screen Swivel	360°
Screen Tilt	60°
VESA Interface	75 mm and 100 mm
Price (EV710-DV75)	\$292

Monitor not included.

Mount Options

Your preference.
Included in base price.

CPU and Device Mounts

Clamp-Style Mounts

Designed for large and small form factor CPUs, these units are constructed from heavy-duty aluminum, with neoprene padding for protection. Multiple mounting capabilities.

Small CPU-SF
2" to 4.7" wide

Large CPU-FF
4.6" to 8" wide

Side View

Specifications	
Load Capacity	30 lbs (13.6 kg)
CPU-SF Horiz. Adjustment	2" - 4.7" (5.1 cm - 11.9 cm)
CPU-FF Horiz. Adjustment	4.6" - 8" (11.7 cm - 20.3 cm)
Prices	
Both Sizes	\$146

Computer not included.

Frame-Style Mounts

The CPU Mini, CPU 2.8, CPU 5 and CPU 7 mounts were designed with a keyhole wall plate that makes it easy to take the CPU off the wall mount for maintenance. Includes security set screw.

Mini-T CPU-MINI
1.0" - 2.2" wide

Large CPU-7
7" - 11" wide

Wall Plate Connection

Specifications	
Load Capacity	45 lbs. (20.4 kg)
Mini-T CPU-MINI Horiz. Adjust.	1" - 2.2" (2.5 cm - 5.6 cm)
Mini CPU-MINI Horiz. Adjust.	1.9" - 3.2" (4.8 cm - 8.1 cm)
Small CPU-2.8 Horiz. Adjust.	2.8" - 5" (7.1 cm - 12.7 cm)
Medium CPU-5 Horiz. Adjust.	5" - 7" (12.7 cm - 17.8 cm)
Large CPU-7 Horiz. Adjust.	7" - 11" (17.8 cm - 27.9 cm)
Prices	
All Sizes*	\$146
Mini-T CPU-Mini	\$152

Computer not included.

Fixed CPU Mount

FM-25

Specifications	
Load Capacity	45 lbs. (20.4 kg)
Profile	1.1" (2.8 cm) or 2.3" (5.8 cm)
VESA Interface	75 mm and 100 mm
Price	\$73

Track not included.

Power Adapter Mount

PAM

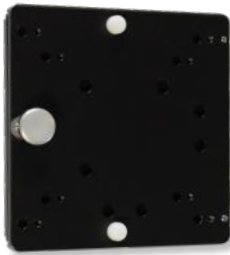

Strap your computer or monitor's power adapter to our wall track using this accessory. This works perfectly with the FM-25 above.

Price	\$64
--------------	------

Track not included.

VQC

CPU with VQC plate shown being detached from back of monitor.

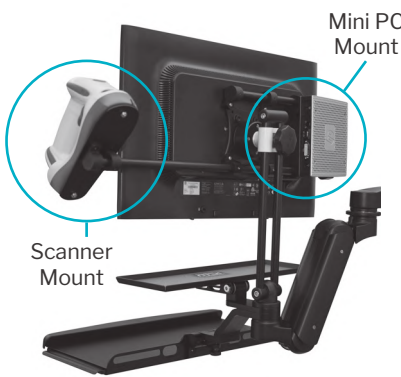

Monitor shown sliding from VQC plate base.

- **Mounts** vertically or horizontally (device or monitor must have flat mounting surface to mount quick release plate or a recessed area that must be at least 5" x 5 1/8").
- **EASY ACCESS** to remove monitor or device.
- **ENHANCES** ICW mounting solutions.
- **LOCKING SET SCREEN** to prevent tampering.
- **ATTACHABLE** to all ICW monitor mounts.

Specifications	
Load Capacity	30 lbs (13.6 kg)
Dimensions	5" x 5 1/8" x 1/2" (12.7 cm x 13 cm x 1.3 cm)
VESA Interface	75 mm and 100 mm
Price	\$76

Monitor and computer not included.

Monitor, computer and scanner not included.

Behind-the-Monitor Mini-PC Mount

MINIPC1212

Attaches small form factor computers to all standard VESA mounts.

Behind-the-Monitor Scanner Mount

SCH018X1902

Attaches scanner mount to all standard VESA mounts.

Price (Both Mounts) \$88

Side view shows mounted to back of monitor.

Small Form Factor Computer Mount

CPUMF

Sleek and sturdy case protects and neatly stores a wide range of small form factor computers (SFFC) and their components. Fits SFFCs up to 7.8" high and 1"-3" deep (2.5-19.7 cm x 7.6 cm). Mounts to back of monitor, track or wall.

Price \$146

Small Form Factor Computer Wall Case

CPU12

- Exterior Dimensions: 13" wide x 14" tall x 3" deep (33 cm x 35.6 cm x 7.6 cm)
- Sleek and sturdy case protects and conceals components.
- Holds a range of small form factor computers that are compatible with 75mm or 100mm VESA patterns.
- Fits small form factor computers up to 8" wide x 9" high x 2" deep (20.3 cm x 22.9 cm x 5.1 cm).
- Cover swings open and lifts off for easy access to interior components, simplifying hardware installation and maintenance.
- Case secures with an easy-access hand knob or a theft-resistant fastener with special key.
- Cables are neatly stowed inside the case and exit through either the top or bottom wire ports.
- Ventilation ports on each side prevent overheating of internal components while protecting them from liquids such as cleaning sprays.

ICW Mounting Solution Installations in Dental Facilities

Standard Color Options. Comes in medical white, black and quartz gray. Seven custom colors available upon request. See the inside cover for details.

Custom Solutions from ICW

When you have a specialized device mounting challenge, ICW will work with you to create a custom mount that's effective and easy to use with in-house design, engineering and manufacturing to produce custom and OEM mounts for any device.

1 Made in USA means quality and high-speed turnaround

Flexible, on-site manufacturing means we can quickly customize an existing mount to fit your specific device.

2 Over 6,000 modular arm configurations

World's largest variety of mounts.

Our standard mounts have been modularly designed to integrate with each other and which fit most customer applications.

3 On-site design, engineering and manufacturing

Designed, engineered, manufactured and assembled in Medford, Oregon, USA.

The caliber of our mounts is unmatched by products made overseas.

4 Durability you can depend on

We construct our mounts using heavy duty internal and external components for a long life.

ICW mounting solutions are finished with tough powder coating that's easy to clean and resistant to chemicals.

5 We'll engineer a fully custom mount to meet your challenges

When you have a specialized device mounting challenge ICW will work with you to create a solution that's effective and easy to use.

Our in-house design, engineering and manufacturing enable us to produce custom mounts for any device.

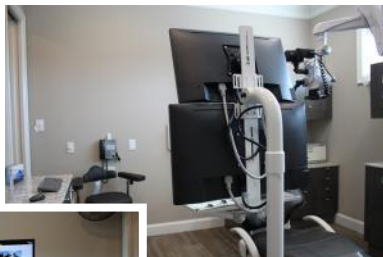

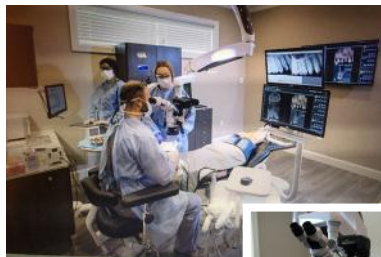

6 Get the mounting solution you need, when you need it

You won't have to send your work order overseas and wait two weeks for an answer.

7 Outstanding customer support

Experienced, knowledgeable on-site staff will answer your questions.

Using our standard arms as a foundation, we build custom configurations catered to fit your specific workspace needs.

Product Warranty

What the Warranty Covers:

ICWUSA.com, Inc. warrants our product, under normal use, is free from any defects in materials and workmanship during the warranty period. ICWUSA.com, Inc., will, at its sole discretion, repair or replace the product with the same or like product.

How Long the Warranty is Effective:

All ICW components are warranted for 5 years from the original date of purchase, unless otherwise noted.

Who the Warranty Covers:

ICW extends the warranty to the first consumer purchaser when sold by ICWUSA.com, Inc., or an authorized dealer or distributor.

What the Warranty Does Not Cover:

1. Damage, deterioration, or malfunction resulting from any of the following:
 - Accident, misuse, neglect, fire, water, lightning, or other acts of nature;
 - unauthorized product modification, or failure to follow instructions supplied with the product
 - Repair or attempted repair by anyone not authorized by ICWUSA.com, Inc.
 - Removal or installation of the product

- Use of supplies or parts not meeting ICW's specifications
 - Normal wear and tear
2. Any products used for rental purposes
 3. Any ICW product that has been custom modified by anyone other than ICW.
 4. Removal, installation, or set up service charges.
 5. Freight charges to return the product to ICW are the customer's responsibility.
 - On warranty repairs, ICWUSA.com, Inc. will return product to the customer via ground freight. International customers are responsible for the freight charges both ways, including customs, duties and taxes.

How to Get Service:

To obtain service warranty, you will be required to provide the following:

1. The original dated invoice
2. Your name
3. Your address
4. A description of the problem
5. The part number and color

For information about receiving service under warranty, contact ICW Customer Support at 1-800-558-4435 or sales@icwusa.com.

Return Policy

Thank you for purchasing your ICW mounting products. If you are not satisfied with your order, you may return the product(s) within 90 days of the date of invoice with a minimum 20% restocking fee.

Orders over 10 mounts are not returnable unless approved on an order by order basis. All returns are subject to a repair fee based on the condition of the returned product.

No returns on custom modified products or OEM (original equipment manufacturers) units.

Customers must request a Return Merchandise Authorization (RMA) from ICW by phone. Please call 800-558-4435 between the hours of 6:00 a.m. - 4:00 p.m. Pacific Time.

Be prepared with the following information:

- Invoice number, sales order number or Purchase Order number
- Part number(s) and product(s) being returned
- Detailed explanation of reason for return
- Name of the person who ordered the product, their phone number and email address
- Name of a user of the product, their phone number and email address

Please follow these instructions to return your product:

1. RMAs must be obtained within 90 days of the date of invoice.
 - No return requests will be granted for discontinued products or custom modified products, including custom paint or coating without prior approval.

2. Return authorization will be confirmed by e-mail and will include a Return Merchandise Authorization label provided by ICW that is to be inserted into the packaging and attached to the outside of the packaging.
 - Merchandise must be returned in the original packaging
 - Merchandise must prominently display the RMA number on the outside of the packaging
 - Package must contain a signed copy of the RMA with the product
 - Customer is responsible for return freight costs and any damages caused in shipping
 - ICW must receive the product within 15 days from the issue date of the RMA to ensure proper credit
3. Unauthorized returns or any returned merchandise that does not have an RMA number will be quarantined. Quarantined product will be returned to the customer at the customer's expense. Quarantined product not picked up within 15 days of notification will be recycled, no credit will be issued.
4. Regularly stocked ICW products that are returned after 90 days from the date of invoice will be charged a minimum 20% restocking fee. No returns for products over 90 days. Additional fees for damaged product or parts that need rework may also apply.

ABOUT ICW

ICW, which is a subsidiary company of TouchPoint Medical, designs, engineers and manufactures on-site in its facilities located in Medford, Oregon.

We produce elite-quality, medical-grade, professional mounting systems for computer equipment and other instruments for healthcare, dental, clean room and manufacturing/industrial markets. ICW's flexible, onsite manufacturing process enables the company to quickly respond to customer needs.

A GLOBAL BUSINESS WITH A LOCAL TOUCH

TouchPoint Medical brings a global network of manufacturing, quality and engineering to the forefront of the medical industry. From quality and performance, to aesthetics and ergonomics, we know small touches make a big difference to our customers. We provide customer-driven medical technology and service solutions to thousands of hospitals and health care facilities around the world.
