

# ICWUSA.com Product Bulletin

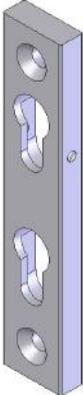

The purpose of the ICW Product Bulletin is to share interesting solutions using ICW products. Watch for new bulletins by issue number and date. Past issues are available on our website: [www.icwusa.com/product-bulletins/](http://www.icwusa.com/product-bulletins/)

## Wall Ear Mounts

ICWUSA.com, Inc. (ICW) has a wide selection of wall plates to mount ICW mounting solutions. Whether it is on a wall track / channel, direct to the wall or on an anesthesia machine, we have the solution for you.

For more information on ICW solutions, please email [sales@icwusa.com](mailto:sales@icwusa.com) or call 1-800-558-4435 to speak to one of our product specialists.

**W1**  
Keyhole mount solution 5.25" (13.3 cm) x 1" (2.5 cm) profile, ideal for CPU servers, UPS, devices or items that need to be removed quickly. Can be attached directly to a wall surface or wall track / channel.

**W2**  
7" (17.8 cm) height profile can mount to all ICW Ultra mount solutions and medical devices. Can be attached directly to any wall surface or wall track / channel. ICW is the only company that provides wall mounts in an inverted position creating better access to the user.

**W3**  
9.5" (24.1 cm) height profile recommended heavier loads for all ICW Ultra mount solutions and medical devices. Can be attached directly to any wall surface or wall track / channel. ICW is the only company that provides wall mounts in an inverted position creating better access to the user.

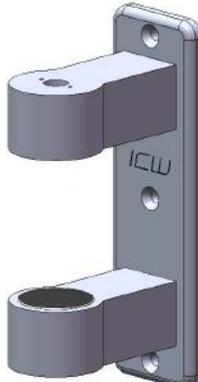

**W4**  
3.75" (9.53 cm) x 2.5" (6.35 cm) profile, ideal for CPU servers, UPS, devices or items that need to be removed quickly that are located in public areas. Can be attached directly to a wall surface or wall track / channel.

**W5**  
**NEW** 3½" (8.9 cm) height profile wall ear specifically designed for the ICW MD wall track / channel and most competitors wall channel. Great for adding to existing wall track / channel without having to remove mounts. Also a great solution for anesthesia machines with limited channel access.

**W7**  
15" (38.1 cm) height profile designed to increase your height profile for anesthesia machines. Able to mount two mounting solutions at the same time. Can be attached directly to any wall surface or wall track / channel. ICW is the only company that provides wall mounts in an inverted position creating better access to the user.

**W8**  
8" (20.3 cm) of compact profile that is able to hold two mounting solutions at the same time. Can be attached directly to any wall surface or wall track / channel. ICW is the only company that provides wall mounts in an inverted position creating better access to the user.
